Assemblyman Alessi Visits our Center in Port Jefferson

Recently, New York State Assemblyman Marc Alessi, First Assembly District, visited our center in Port Jefferson to learn about our programs and services for children, elders and families including Early Discoveries Center, The Children's Community Head Start and Early Head Start, and Day Haven Adult Day Services. When we learned it was Assemblyman Alessi's birthday, the children and elders decided to surprise him with the birthday hat and delicious cake. In the above photo, some of the children, elders and staff help the Assemblyman celebrate his birthday.

Elizabeth A. Geary, Director, said, "we are grateful to the Assemblyman for reaching out to us and wanting to know more about the important role we play in supporting children, elders and families. Assemblyman Alessi is aware of the multiple State policies that affect our program operations and we are delighted that he could see first hand the results of high quality programming for children and elders."
